6 September, 2019

**Message from the Prime Minister**  
**The Islamic Republic of Pakistan**

6 September, the defence day of Pakistan, stands out in the history of Pakistan as a symbol of enduring display of unity, indomitable courage and unmatched sacrifices by our gallant soldiers who, on this day, years ago, proved to the world that the country's defence is unassailable and the valiant armed forces are ever ready to defend every inch of the motherland.

In the 1965 war, the valour of our Armed Forces and the spirit of our people presented a true picture of oneness and coordination, discipline and perseverance. Both the people and the men in uniform proved that it's not the size that matters but what matters the most is the courage and devotion to duty. My compliments to the brave forces who have ensured the safety and security of the motherland in all testing times. They have offered exemplary sacrifices in the pursuance of peace. Our *shuhada* and ghazis are our heroes and the nation owes them gratitude and respect. I salute the gallant sons of soil who laid down their lives while defending Pakistan, and pay respect to their families for unparalleled sacrifices they rendered for our tomorrow.

Today we are facing a similar situation; the enemy is once again showing aggressive postures on the Line of Control, it has unleashed reign of terror on innocent and unarmed people of the Occupied Valley after changing the status of Kashmir by abolishing Articles 370 and 35-A in violation of the UN Charter. For Pakistan, Kashmir stands as its jugular vein. Altering its status poses challenges to Pakistan's security and integrity. The fascist government is hell bent upon suppressing the Kashmiri people's just struggle against India's illegitimate occupation, denying them their right to self-determination permissible under the UN Resolutions. Besides, Muslims across India face detention camps and cancellation of citizenship because of the *Hindutva* ideology. I have called upon the world community to take note of the doctrine of hate and genocide and push India to stop it forthwith. I have also urged upon the international community to seriously consider the safety and security of India's nuclear arsenal that is in the control of a racist and Hindu supremacist government; this is an issue that impacts not just the South Asian region but the whole world.

Pakistan has launched a proactive diplomatic activity in the world capitals as well as in the UN to expose the true face of today's radicalized India. On our part we as a nation are fully alive to any kind of misadventure by the enemy and will respond. Together we all, the Armed Forces, the Pakistani nation, the political leadership, both the houses of Parliament, the mainstream and social media all are in one voice against India's illegal, unilateral, reckless and coercive attempt to alter the disputed status of Indian occupied Kashmir. I have informed the world that Pakistan does not want war, but at the same time, Pakistan cannot remain oblivious to the challenges posed to its security and integrity. We are prepared to give the enemy the fullest possible response. Failing, the world community will be responsible for the catastrophic aftermath. We will never leave our Kashmiri brethren alone, come what may; we will continue our moral, political and diplomatic support for their inalienable right to self-determination within the framework of UN resolutions.

I have full confidence in our valiant armed forces which are capable enough of giving befitting response to any kind of aggression by the enemy. We have already displayed a very high standard of professionalism in the recent past and we will continue to do so when challenged.

While remembering today the 1965 War heroes, we pay homage to our *shuhada* and *ghazis* and draw inspiration from their iconic acts of valour and sacrifices. Under the same *September Spirit*, the nation and the Armed Forces are determined to defend every inch of Motherland and safeguard the security and sovereignty of Pakistan at all costs.

**Pakistan Armed Forces Zindabad**  
**Pakistan Paindabad**
